

# CORNER MOUNT BRACKET

The COMB6 Corner Mount Bracket is a highly versatile and durable mounting solution designed to fit the majority of our products, providing secure and stable installation on corners. Crafted with robust materials for long-lasting performance, the COMB6 Corner Mount Bracket allows you to maximize space and achieve the ideal angle for your devices. It's perfect for applications where wall or ceiling-mounted installations are not practical or desirable, such as in tight spaces, outdoor settings, or areas requiring unobtrusive placement.
