

# SUSPENDED JUNCTION BOX

The EB3BASE3-G Suspended Junction Box is a high-performance mounting solution designed for a wide range of camera housings, including the EB3, D6, XD6, T3, and XT3 models. Built for durability and ease of installation, this suspended junction box provides a secure and streamlined platform for your surveillance setup. Constructed from rugged, weather-resistant materials, the EB3BASE3-G offers excellent protection for cables and electrical connections, ensuring long-term reliability in both indoor and outdoor environments. Its suspended design allows for flexible installation, providing optimal cable management and preventing strain on wires, while offering a neat, professional appearance.
