GSD GROUP

4HDD EXTERNAL HARD DRIVE **CASING**

Secure, store, and manage up to four SATA hard drives with this high-performance external casing. Designed for maximum compatibility and ease of use, it features SATA host and data interfaces, supporting transfer speeds based on your installed drives. Stay informed with built-in LED indicators—green for power and red for failed drives—ensuring quick diagnostics and reliable operation. Ideal for backups, media libraries, and data-intensive workflows.

SPECIFICATIONS

Host bus interface	SATA
Data bus interface	SATA
Data transfer rate	Depend on the transfer rate of the hard drive
Failed drive indicators	Red leds for HDD, Green leds for power
Environmental Relative Humidity	Less than 90%RH
Operating Temp	0°C~+40°C (32°F ~ 104°F)
Physical Dimensions	378x340x50mm
Power	12V/5A
